CHRYSANTHEMUM "IMPROVED" WM. H. WAIT

A glorious creation in velvety Maroon and Gold. Diameter, 8 inches; circumference, 22 inches. Grown outside in the field; plant disbudded to 6 buds; all were equally large and beautiful.

Grown from a tiny "sand-rooted cutting" in February, the plant was fully developed (6 ft. tall) and began to bloom in eight months, a joy to behold.

The above flower was cut and brought in the house (cool room) when three-fourths developed, blooming out to its full glory; keeping in perfect condition for over three weeks!

Indeed, Chrysanthemums are the peers of all cut flowers for your house.

PLEASE READ THIS!

Greetings!

IN handing you this Catalog, we thank you sincerely for your support during 1941, and by "support" we do not imply your orders alone. Your friendly letters, kindly and helpful suggestions, expressions of appreciation or satisfaction and your generous recommendations to friends, have been most gratifying and encouraging. The value of your confidence is not underestimated for we realize that the steady and continual expansion of our business is its direct and inevitable result.

Though this Annual Spring Catalogue grows more comprehensive each season, we do not make additions without careful consideration, neither is praise bestowed indiscriminately. Where you find we recommend a flower, you may rely on its real merit.

Our business policy has always been to give value, good quality combined with "buyable" prices, and efficient service. Our earnest endeavor is to link up in your mind the two words . . .

"PUDOR'S — SATISFACTION"

Your sincerely,

PUDOR'S, Inc.

By O. M. PUDOR,
President and
General Manager.

General Directions to Customers

The attention of our customers is respectfully called to the following directions, which will, if followed, be an aid to purchasers as well as ourselves:

Prices in This Catalog Supplant Those in All Previous Catalogs

1. **ORDER EARLY.** We aim to execute all orders as soon as received, but during the rush season from March to May and again from July to September, slight delays are unavoidable, which, however, can be largely overcome by our patrons anticipating their wants and ordering and taking delivery of their requirements early.

2. **CANADIAN SHIPMENTS.** Flower seeds are sent postpaid. Plants are sent by express, purchaser paying all charges. Patrons who wish to purchase plants or bulbs must secure a permit from the Department of Agriculture, Ottawa.

3. **SAFE ARRIVAL OF PACKAGES.** We guarantee the safe arrival of all goods sent by express or mail to points within the United States. If a package sent by express or mail is injured or lost, we will replace it as soon as informed of the fact. Goods sent in any other way are solely at purchaser's risk. Frequently it happens that orders never reach us or are without signature. When customers fail to receive their packages in a reasonable time they should inform us, and at the same time send a copy of their order and any other information necessary to trace the goods. Claims for damage must be made on receipt of goods. We do not hold ourselves responsible for failure after delivery of the goods in good condition.

4. **ERRORS.** We exercise the utmost care in filling orders, striving to do a little more than we offer; yet in the press of business, errors sometimes occur, in which event we wish to be promptly notified of the fact, and will make such corrections as will be satisfactory. Please keep copies of all your orders for comparison.

5. **REMITTANCES** should be made by Check, Post Office Money Order, Drafts, or Express Money Orders. Personal Checks for less than one dollar are not acceptable as we are charged collection fees for such small checks; send stamps instead. We disclaim all responsibility when remittances are not made as above directed. Where it is not possible to obtain these, the letters should be registered. Coin should not be sent by mail.

6. **CASH WITH ORDER.** Please send money with the order sufficient to cover the whole bill. We decline sending goods "Collect on Delivery" unless remittance be made on account to guarantee acceptance.

7. **NAME AND ADDRESS.** Please remember to write on each order your name, post office, county and state; also give number of street or P. O. box as distinctly as possible; also the nearest express office, or, if on a stage route, send us special directions.

8. **CATALOGS.** We send our customers two catalogs annually: THE SPRING CATALOG early in January and the IRIS AND MID-SUMMER plant, seed and bulb catalog about the last part of June. Customers having more than one address will oblige by stating to which address they wish the catalog mailed.

9. **NON-WARRANTY.** Most of the failures with seeds, plants and bulbs are due to causes entirely beyond our control, such as unfavorable weather or soil conditions, too deep or too shallow planting, etc., which renders it impossible for us to guarantee success, and although we take all possible care to supply only such goods as will, under proper conditions, produce satisfactory results, we still give no warranty as to description, quality or productiveness of any of the seeds, plants or bulbs we send out, and will not be in any way responsible for the crop, and every order for articles named in this catalog will be executed on these conditions only. It must, however, be plain to everyone who gives the matter the slightest thought that it is to our best interests to send out only such stock as will not only grow, but prove true to name and description.

10. **SALES TAX.** Add 3 per cent to cover tax on all goods bought and delivered in the State of Washington. Other States free.

11. **NOTICE TO LOCAL CUSTOMERS.** If you expect to come to the gardens for plants on Sunday, we request that you call us on the telephone or send in your order during the week so we can dig the plants Saturday. We will not always be able to dig plants on Sundays.

LOCATION

We are located within the city limits of Puyallup at 1300 Stewart Ave. N. W., 1 mile west from the N. P. R. Station on the north side of the track. Phone 1627. Visitors are always welcome, SUNDAYS INCLUDED.

Introduction

In compiling our 1942 Seed List, our aim has been to offer seeds and plants worth sowing and growing. Plants and seeds with high sounding names, unproven NOVELTIES, many of which have only little merit, we have rigidly excluded.

We do not believe in listing seeds or plants just because it is a novelty or rare, hoping to sell it by omitting to say that it is also deplorably unattractive and dull. We have made all descriptions as just and accurately as possible.

When we say that a flower is beautiful, we meant that we really do think it beautiful; and when we say that the color is blue or pink, we mean that it really is blue or pink.

"SINGLE" Large yellow flowers on long stems; excellent in masses in the border. Per pkt. 10c; ¼ oz. 50c.

DAHLIA

UNWIN'S ENGLISH MIGNON. Height, 15 to 18 inches. Lovely for the border; excellent for cutting. Wide range of lovely colors. Bloom 3 months from seed blooming until frost time. Per pkt. 25c; 1/16 oz. 60c.

Delphiniums

PUDOR'S PEDIGREED PRIZE WINNER STRAIN. The choicest seed you can obtain. Mostly double $2\frac{1}{4}$ to 3 inch blooms; shades running from sky blue to the deepest blue; mostly with pinkish fillings. Height, 6 to 8 feet. Prize winners for many of our customers in many cities year after year. In choicest mixture. Per pkt. (approx. 200 seeds) \$1.00; $\frac{1}{2}$ pkt. 60c; $\frac{1}{16}$ oz. \$2.50.

A Lovely New Seedling from our 55/66 Strain. A beautiful all-cobalt blue. Note the fluted and ruffled flower petals.

GENERAL MIXTURE FIELD RUN PRIZE WINNER STRAIN. You will raise many beautiful plants from this mixture. We grow no poor specimens in our field. Per pkt. 50c; $\frac{1}{2}$ pkt. 30c; $\frac{1}{16}$ oz. \$2.00.

PUDOR'S PRIVATE STRAIN No. 55/66. It was originally a cross between a PURE WHITE and a MOTHER OF PEARL color. Throws most extraordinarily beautiful flowers in shades of double blues and pinks, purples and violets with now and then a beautiful white. This is our pet strain for surprises. Per pkt. \$1.00; $\frac{1}{2}$ pkt. 60c; $\frac{1}{16}$ oz. \$2.50.

PUDOR'S DREAM. Still one of the finest Delphinium we have. Everyone marvels at the great beauty of a well grown clump with its dozen or two of flowering stalks. It is an early bloomer. The $3\frac{1}{2}$ inch blossoms on a perfect stalk are very double of an exquisite shade of azure blue and pink with a small white bee or center. We are reducing the price of its seeds this season. Per pkt. (approx. 200 seeds) \$1.50; $\frac{1}{2}$ pkt. 75c; $\frac{1}{4}$ pkt. (approx. 50 seeds) 40c; $\frac{1}{16}$ oz. (approx. 600 seeds) \$3.50.

Since there is very little seed left of this variety for spring sowing, either name substitute when ordering, or we will fill your order for "DREAM" seeds in July from 1942 crop.

BLACKMORE AND LANGDON'S ENGLISH STRAIN. Many people still swear by this strain. Tall imposing plants bearing gorgeous blossoms mostly in the dark shades. Per pkt. 75c; $\frac{1}{2}$ pkt. 40c.

WHITE DELPHINIUMS. "PUDOR'S WHITE WONDER STRAIN". Vigorous tall growers, mildew proof with large double glistening, pure white blossoms, $2\frac{1}{2}$ to 3 inches in diameter. Centers are pure white, some cream sometimes coal black (a mere chance). You must expect some blue rogues among the seedlings. Many customers think our strain of White Delphiniums are the best ever in texture, color, vigor and size of blossoms. Per pkt. \$1.00; $\frac{1}{2}$ pkt. 50c; $\frac{1}{4}$ pkt. 30c; $\frac{1}{16}$ oz. \$2.50.

PUDOR'S BLACK-VELVET-EYED WHITE DELPHINIUM

PUDOR'S BLACK VELVET-EYED WHITE DELPHINIUMS. After 2 years of careful rogueing and selecting plants, we have now plants that will produce a high percentage of large black-eyed double whites; many of our breeders have very large, coal-black glowing centers. All the plants are strong and vigorous and are true perennials, not apt to die after their first blooming season. You will get a few blues in a lot and all the whites will not have black bees. Please remember this when your plants begin to bloom. Owing to a general Delphinium seed crop failure the past year, we do not have a large quantity of this seed. Per pkt. \$2.00; $\frac{1}{2}$ pkt. \$1.00. Not sold in less quantity, so please don't order 10 or 25 seeds. A half packet has over 100 seeds in it and you need that many to get a representative showing of seedlings.

CALIFORNIA-PACIFICA "BLUE JAY" STRAIN. (V. & R). From our best self pollinated plants grown originally from the finest hand pollinated seed. Mostly clear and dark blues, nearly always double, 2 to $2\frac{1}{2}$ inches. Seeds per pkt. 75c; $\frac{1}{2}$ pkt. 40c; $\frac{1}{16}$ oz. \$2.25.

CALIFORNIA-PACIFIC WHITE "GALAHAD" STRAIN. Their great achievement in Giant Whites; the seed comes more true to color than our White Wonder Strain, but after comparison, many of our customers give our Whites the prize. Seed from carefully re-selected plants as to purest color and vigor of plants. Per pkt. \$1.00; $\frac{1}{2}$ pkt. 75c; $\frac{1}{16}$ oz. \$2.50.

SEPARATE COLORS. PUDOR'S PRIZE WINNER STRAIN. Beautiful deep blue with a white center or bee.

CORNFLOWER BLUE. Mixed with a pure AZURE BLUE and a lovely white bee. Per pkt. \$1.00; $\frac{1}{2}$ pkt. 60c. Seedlings won't ALL come true to the parent plant.

BELLA DONNA TYPE. They will always succeed in the warmest section of the country where the Hybrids will fail; they are also more resistance to disease. Height, 3 to 4 feet.

CLIVEDEN BEAUTY. A beautiful azure blue; comes always true to type. Per pkt. 15c, 2 for 25c; $\frac{1}{16}$ oz. 45c.

BELLAMOSUM IMPROVED. Large deep blue flowers with a small white bee; blooms $2\frac{1}{2}$ in. across. Per pkt. 15c, 2 for 25c; $\frac{1}{16}$ oz. 45c.

PUDOR'S SAPPHIRE. A beautiful brilliant clear sapphire-blue; a lovely cut flower. Comes 90 per cent true to type. Per pkt. 20c, 3 for 50c.

DELPHINIUM ANNUAL OR CHINENSE. Dwarf, valuable for edging and the rockery. Approximately 1 foot. In mild climates this specie will live over, like a perennial.

AZURE FAIRY. Azure blue. Height, 18 inches to 2 feet. Per pkt. 15c, 2 for 25c; $\frac{1}{8}$ oz. 35c; $\frac{1}{4}$ oz. 60c.

BLUE BUTTERFLY. Brilliant deep blue. Dwarf 10 inches. Per pkt. 15c, 2 for 25c; $\frac{1}{8}$ oz. 35c; $\frac{1}{4}$ oz. 60c.

WHITE BUTTERFLY. Per pkt. 15c, 2 for 25c; $\frac{1}{8}$ oz. 35c; $\frac{1}{4}$ oz. 60c.

SHAKUNTALA AND DOROTHEA our two new named varieties. NO SEEDS UNTIL NEXT SUMMER, 1942.

DIANTHUS OR PINKS

ALWOODI ALPINUS. One of the best rock garden pinks; many large doubles and fancy singles. Exquisite colors. Height, 6 inches. Per pkt. 20c.

"DELIGHT." A free flowering Hybrid; wide range of colors; perfectly hardy and easy to grow; blooms the first season. Height, 9 inches. Per pkt. 20c; 1/16 oz. 60c.

WINTERI. Striking new pinks; wide range of color, deliciously scented; blooms first season; hardy. First Class Certificate Royal H. S. Per pkt. 20c; 1/16 oz. \$1.00.

DELTOIDES SUPERBUS (Major Stearn). Tiny rock pinks, grayish foliage, masses of dainty little flowers pink to crimson. Per pkt. 15c, 2 for 25c.

PLUMARIUS. The old fashioned clove scented GRASS OR CLOVE PINKS. Self colors of various tints of pink, rose, salmon and white and the same colors in combination with a bright crimson zone. Blooms are $1\frac{1}{2}$ to 2 inches; stems 12 to 15 inches; free flowering.

SINGLE AND DOUBLE FINEST MIXED. Per pkt. 10c; 3 for 25c.

SWEET WILLIAM (Barbatus). Finest mixture. Per pkt. 10c, 3 for 25c.

SWEET WILLIAM (Pink Beauty). Per pkt. 10c, 3 for 25c.

SWEET WILLIAM (Scarlet Beauty). Per pkt. 10c, 3 for 25c.

SWEET WILLIAM (Blue Dianthus). Novelty. Large clumps of lavender-blue flowers; very striking border plant (biennial). Per pkt. 15c, 2 for 25c.

DIGITALIS (Foxglove)

LITZ'S HYBRIDS. Novelty. Salmon-pink shades. 4 ft. 1/16 oz. 35c; per pkt. 10c, 3 for 25c.

THE SHIRLEY. Magnificent strain, enormous flowers from pure white to deepest rose. 5 ft. Mixed. Per pkt. 10c; 3 pkts. 25c.

D. ALBA. Pure white Foxglove; very beautiful. Per pkt. 10c, 3 pkts. 25c.

GRANDIFLORA LUTEA. Yellow. Dwarf specie for the rock garden. Height, 18 inches. Per pkt. 15c; 2 for 25c.

GIANT PRIMROSE FOXGLOVE (Novelty). Most attractive color; not yellow and not white, just pure primrose color. Per pkt. 20c.

GAILLARDIA GRANDIFLORA (Blanket Flower)

BURGUNDY. Deep red flowers, very effective, Fine for cutting. Height, 30 inches. Per pkt. 15c; 1/16 oz. 25c.

DAZZLER. Golden yellow and maroon red. Per pkt. 10c; 1/16 oz. 20c.

GEUM

LADY STRATHEDEN. Rich golden yellow double flowers. Per pkt. 15c, 2 for 25c; 1/16 oz. 40c.

MRS. BRADSHAW. Large semi-double orange-scarlet. Per pkt. 10c, 3 for 25c.

PRINCE OF ORANGE. A grand novelty in a striking shade of deep orange. The flowers are double and of extra size. A fine spot of color for the rockery. 18 inches. Per pkt. 20c; 1/16 oz. 50c.

GYPSOPHILA

PANICULATA Fl. Pl. ("Snow White"). Easy to raise from seed, blooms the first year if sown early. Mostly double flowers. Per pkt. 25c; 1/16 oz. 50c.

PACIFICA. A new pink Baby Breath. Very fine. Per pkt. 15c, 2 for 25c; 1/16 oz. 40c.

BRISTOL FAIRY. Does not produce seed. The handsomest of all. See plants.

All Gypsophilas are lime lovers; give them plenty of it and spare rich fertilizers.

HELIANTHEMUM (Rock Rose)

Finest mixture of these delightful, indispensable rock plants. Round evergreen cushions and thousands of little silky roses; pink, white, orange, yellow, red salmon, sulphur and old rose. True perennials. 6 to 12 inches high. Per pkt. 15c, 2 for 25c.

HEUCHERA SANGUINEA
(CORAL BELLS)

HEUCHERA (Coral Bells)

Height, 12 inches. Bright coral-red flowers on wiry stalks. Charming for low border or rock garden. Per pkt. 25c.

HOLLYHOCKS

TRIUMPH DOUBLE. Early flowering strain, containing a great variety of new colors; the flowers are gracefully waved and fringed. This is a wonderful hollyhock.

NEWPORT PINK. Beautiful double pure pink flowers of largest size.

DOUBLE YELLOW. Pure, clear yellow.

ENGLISH PRIZE MIXTURE. Chater's strain; extra fine.

Any of the above per pkt. 15c; 1/16 oz. 25c.

Missouri Botanical Garden Bulletin, entitled
"GROWING PLANTS FROM SEEDS"

Handsomely illustrated with 29 photographs, showing the whole process of sowing seeds to the transplanting of the seedlings. It is by far the best bulletin on the subject we have ever seen. Through the courtesy of the Botanical Garden, we were given special permission to reprint this bulletin. Price 15c. Ask for it. It is sent free with all seed orders amounting to \$1.50 or more, if asked for with the order.

Brooklyn Botanical Gardens Leaflets. Concise, valuable hints on **The Planting and Cultivation of Perennials.** Ask for Bulletin No. 6.

Starting Perennials from Seed. Ask for Bulletin No. 7.

General List of Perennial Plants

**FOR SPRING PLANTING—READY FROM FEBRUARY ON.
NO PLANT ORDERS ARE SOLICITED FOR LESS
THAN ONE DOLLAR UNLESS YOU ADD
25c FOR PACKING AND POSTAGE**

ALASKA AND CANADIAN CUSTOMERS PLEASE NOTE

Owing to the higher postage rate to your country, prices of plants (postage paid) will have to have 25c added to all orders.

We sell annually many thousands of **BABY SEEDLINGS** to our customers, who dislike or are not successful with seeds.

These seedlings are grown from our **VERY BEST SEEDS**. They are grown in the open field, assuring vigor and health. They will grow into large blooming clumps—a joy in your garden at a very small outlay of money.

These seedlings will ship safely anywhere; we send them by parcel post carefully packed in damp moss delivered at your door; they will ship as well in the early spring (not later than April) as this fall. If wanted by "**SPECIAL HANDLING**", which means first class and **QUICKER** delivery, please be sure and add 10c postage up to 3 dozen and 15c over 3 dozen seedlings.

PLEASE DO NOT ORDER LESS THAN 1 DOZEN SEEDLINGS of any one variety—it means too much trouble and extra expense in handling. The seedlings are so cheap that you can well afford to buy a dozen of one kind, and if too many you can divide with a neighbor.

ASTER FRIKARTI "WONDER OF STAFFA"

One of the most beautiful perennials known. Lavender-blue flowers from 2 to 2½ inches across, produced from June until the middle of November. The plant does exceedingly well in light shade and comes to perfection in full sun. There are no other plants which bloom so persistently over so long a period—not just a bloom or two but a constant rich display of flowers is kept up the entire summer. Flowers are excellent for cutting. It may also be grown in pots and forced into bloom in a greenhouse during the winter.

Large 2-year-old field grown clumps 50c each postpaid East of the Rocky Mountains; same West of the Rocky Mountains **40c each postpaid**. **Smaller blooming size clumps 35c each**, anywhere.

LITTLE PINK LADY. Surely you can't pass this charming little lady by, even so you have no use for Michaelmas Daisies. A most beautiful pure pink, the plants smothered with the large single starry blossoms with their bright yellow centers. Height only 18 inches, in neat compact growth, altogether charming. Plants are sold in the spring of the year only. **25c each, 6 for \$1.25, postpaid**.

KING GEORGE. The best, by far, of all dwarf perennial Asters. Height 24 inches. Glorious hortense violet flowers of huge size in great and prolonged profusion in the late summer. Good for the rockery or the perennial border. Strong plants in the spring, **25c and 35c each**.

ASTILBE (Spirea)

Beautiful hardy garden perennials with large flower trusses; prefer rich, moist soil. Most attractive in the garden and a fine cut flower.

A. PINK PEARL. A delicate salmon-pink. Height about 3 feet with attractive foliage. A beautiful attractive hardy plant for any garden; they also force well indoors. Strong blooming size plants. **35c and 50c each, postpaid**.

ASTILBE (SPIREA) White Pearl. A delicate white, flushed light pink. Height 3 ft. with attractive foliage; a beautiful plant for any garden. Strong blooming sized plants. **25c and 40c each, postpaid**.

DELPHINIUMS

PLEASE NOTE: Baby Delphinium Seedlings will not be ready for shipment this spring until about May 1st. All will bloom late this summer if well taken care of.

Advanced seedlings and clumps can be sent off any time but not later than April 15, as they will be too far grown for safe shipment. Nearby alright until last of April.

SCHOOL OF HORTICULTURE Amber, Pennsylvania

October 25, 1941.

Mr. O. M. Pudor
Pudor's, Inc.
Puyallup, Washington.

My Dear Mr. Pudor:

We are pleased to give you the following report concerning the Delphinium Project at the School of Horticulture.

The delphinium experiment was to determine whether or not it was possible to grow delphiniums successfully in this locality, as they are subject to disease and do not usually do well here.

Seeds were obtained from various delphinium growers in this country and abroad.

Plants grown from seed obtained from you were exceedingly fine. Many of the delphiniums were 6 to 8 feet in height, with strong stalks and good colors. The plants are very healthy and show every promise of continuing. Our second crop of blooms was equally fine, and in some cases we had a third crop.

We appreciated receiving the packet of your new strain "black velvety eyed" White Delphiniums for trial.

Very sincerely yours,
LOUISE BUSH-BROWN
Mrs. James Bush-Brown,
Director.

POLYANTHUS, HARDY BUNCH PRIMROSES. Early spring flowering hardy perennials. English Giant Supreme Monarch Strain.

Strong Blooming Size Plants in Mixture in two sizes: 20c and 35c each; \$2.00 and \$3.50 per dozen, postpaid. WHITES 25c each; \$2.50 per dozen. We can fill orders from January on, weather permitting.

Baby Seedlings in the late spring for next year's blooms. 90c per dozen. We are growing these from our best imported English seed, in finest mixture.

PYRETHRUMS (Persian or Painted Daisy). Beautiful hardy perennials. Height, 18 inches to 2 feet. SINGLE AND DOUBLE, ASSORTED COLORS. They make a great show in the garden and are excellent as cut flowers. Strong field grown plants in 2 sizes. 20c and 35c each; Large Individual Clumps 50c each, by express, not pre-paid. Pyrethrums are strong and quick growers and require to be divided every 2 years.

TROLLIUS (Globe Flower) "Ledebouri Golden Queen. Rich golden color, near orange with deep long orange petals in the center; blooms twice a year if seed is not allowed to form. Height 3 feet; beautiful, hardy and very floriferous. Large individual clumps 40c each; divisions that will bloom well this spring, 25c each. This is an early spring bloomer and must be planted EARLY.

TROLLIUS—EUROPEAN GLOBE FLOWER. Color yellow and orange; large, round, globular flowers in spring and again in late summer. Height 2 to 3 feet. Rich moist soil. A magnificent plant. Large individual clumps, 40c each; divisions that will bloom well, 25c each. Plants must be divided every three years.

VIOLAS "MAGGIE MOTT". Largest flowers, deliciously scented of a heliotrope-blue; most prolific bloomers. Blooming size plants, 25c each; \$2.50 per dozen. This variety produces no seed.

UNWIN'S ENGLISH MIGNON OR CHARM DAHLIAS

The form of flowers are semi-double but a few single and fully doubles are produced. The hybrids are very precocious, blooming 3 to 3½ months from the time of sowing. They are extraordinarily free, the blooms being thrown up on strong stems well above the foliage. Rarely exceeding 24 inches in height, they do not require stakes, and may be planted as closely as 18 to 20 inches apart. Given the same treatment, they are easier to raise from seeds than Asters or Stocks. We believe the color range to be wider than in any other type of Dahlia.

SEEDS: ¼ oz. \$1.50; ½ oz. (over 500 seeds) 75c; 1/16 oz. (over 250 seeds) 50c; per pkt. of about 75 seeds, 25c.

TUBERS. Unwin's Hybrid Charm Dahlias. Delightful Mignon Dahlias; beautiful single and semi-double dwarf Dahlias; good keepers and charming for bouquets or house decoration. Six different varieties for \$1.50, prepaid; \$2.90 per doz. (all different) prepaid; each 30c.

All our Mignon Charm Dahlias make excellent cut flowers for house decoration, lasting for many days. In this they differ from the ordinary Dahlias. Please bear in mind that the tubers from these Mignon or Charm Dahlias are small, much smaller than the ordinary Dahlias. Customers complain sometimes about the tubers being so small.

LITTLE PINK LADY. A charming semi-double light pink Mignon Dahlia with fluted petals with yellow center. Height, 1½ to 2 feet. Three tubers for \$1.00; each 35c.

ORNAMENTAL INDIAN SQUAW CORN

Delightful, decorative for porch or fireplace.

COLORS: Red, black yellow, blue, purple and orange kernels.

½ oz. 10c; 1 oz. 15c; ¼ lb. 30c; ½ lb. 50c.

ORNAMENTAL GOURDS

Annual Climber, 6-10 ft.

Rapid growing with ornamental foliage and interesting and odd-shaped fruit. It is becoming very popular for table and window decorations at Thanksgiving and Christmas.

Small Sorts Mixed. Contains only the most desirable and colorful small-fruited kinds. Pkt. 10c; ¼ oz. 20c; ½ oz. 30c; per oz. 50c.

Large Sorts Mixed. All large-fruited kinds, such as Dipper, Calabash, Giant Bottle, etc. Prices same as above.

INDIAN CORN AND GOURDS

THE GORGEOUS IRIS KAEMPFERI (Japanese Iris)

The months of February, March and April are good months for planting and again during August and September (not later). They require rich soil (no Bonemeal and no Lime), sun or half shade and abundant supply of water just before and during their blooming period. They will not thrive in poor, thin, sandy soil. A favorite spot for them in Japan is along side brooks or on the margins of pools, but never in water, though you can take up a blooming plant, pot it, and float it in your pool while the plant is in bloom, later planting it back in its place.

We sell two sized clumps, and aim the smaller one sturdy enough to give you blooms the first season, but usually, except for very large clumps it requires this Iris two seasons to become well established and make a gorgeous display of twelve or more blooming stalks to the clump.

PUDOR'S EXTRA SELECTED JAPANESE SEEDLINGS

Every season we grow Japanese Iris seedlings; it takes two and sometimes three years to get them into full flowering. Out of 100 clumps we select possibly a dozen outstanding, unusual ones, often only six varieties, which we consider worth saving and putting on the market. At first, we give them a number and later on a name, often suggested by an admiring and appreciating customer.

PUDOR'S No. 5. A 6-petaled double beauty of a rich velvety purple with a golden center.

PUDOR'S No. 40. A very large, very fine 3-petaled blue variety.

PUDOR'S No. 60. Three immense pale lavender petals with deep velvety purple; very beautiful.

PUDOR'S No. 80. Three very large pure Lilac petals with a white radiating center; a free bloomer.

PUDOR'S No. 90. A beautiful double 6 petaled flower of rich velvety purple with yellow radiating center; a gorgeous thing.

PUDOR'S No. 150. A beautiful shaped 3 petaled flower; pure white with blue veining and prominent upright standing standards.

PUDOR'S No. 190. Three immense petals of rich royal purple.

NAMED VARIETIES

AYASI. (Sgl.) Crimson crinkled petals, veined white with large white center surrounding gold bar. Styles crimson. We consider this variety one of our most unusual and best.

BEYA. A beautiful, large, stunning flower. Pale lavender blotched and veined deeper purple, getting bluer towards the center with bright clear yellow radiating centers; petaloids white edged purple. Single (3 petals).

DATEDOGU. Rich claret-red with orange blotches surrounded with a blue halo radiating out into elegant lines; standards light claret and white, petaloid stigmas white tipped and border pale claret; very large flower. Growth medium. Single (3 petals).

HAVASU (Pudor). A rich dark, purple-blue; outstanding. 6 petals (double).

KASUGANO. Six petalled double flower. Delicate red-lilac with lilac halo surrounding yellow blotches and radiating out into feathers and pencilings; petaloid stigmas violet, stained gray. An exquisite flower.

KOKO-NO-IRO. Six petalled double flower; very large, rich purple with a contrasting golden center. A beauty.

KOMACHI. Three petals (single). Deep dark velvety blue with very small deep orange bars covered by blue style arms.

KONGO-SAN. Six petalled double flower. Deep blue overlaid with dark purple with deeper blue veins radiating; orange blotches; petaloid-stigmas purple. An imported beauty from Japan.

KUMO-NO-OBI. Three petals, single. Dark lavender purple; white halo surrounding yellow blotches and radiating into strong white lines; standards large of same colors; petaloid stigmas white-tipped and bordered lilac; you will love it.

KURO-KUMO. Six petalled double flowers. Purple overlaid with dark blue, yellow blotches; stigmas dark blue bordered purple.

MAYE-NO-SHIRANAMI (Dancing White Wave). White with slight porcelain-blue shade; yellow blotches; double, 6 petals. A beautiful refined flower.

MAHOGANY. Six petalled double flowers. A very dark rich mahogany-red color; one of the best dependable varieties.

MATSU-NO-OKA. White double flower, beautifully blotched with light blue.

MORNING MISTS. Immense white crinkled, craped petals with the slightest breath of light blue tint. Always a sell-out.

NASIR KEHL. Single. Large flowers of rich purple with a radiating golden center. Free bloomer.

NORMA. Six petalled large double flowers. This variety is always the cynosure of all eyes. An exquisite silky lavender-pink with a clear blue halo surrounding a golden star in the center. One of the best pinks, a rare color in this Iris specie. A strong grower and liberal bloomer.

SOFU-NO-KOI. White splashed, blotched and speckled SKY-BLUE; primrose blotches radiating into the petals; petaloid stigmas creamy-white, tipped and margined violet. Double, 6 petals. One of the most beautiful we grow.

THAIS. A lovely name and a lovely flower. 6 petalled, double flowers; rich maroon self color with narrow yellow bars radiating from the center, with solid purple petaloid stigmas. Indeed, a very handsome flower.

VIOLA PUDOR (Pudor). A lovely single pure violet.

URSULA (Pudor). A lovely all sky-blue; a most unusual and rare color in Japanese Iris.

YOMONO-UMI. An imported, 6 petalled double beauty. Beautiful light porcelain-blue with darker blue veining; an exquisite flower. Rare. Price of this one is 75c.

Hardy Garden Chrysanthemums

AUGUST, SEPTEMBER, OCTOBER FLOWERING

The cultivation of these 'Mums is simple; plant them in a rich well-drained piece of ground, setting out the plants a foot apart and pinching them once or twice during the months of May or June. They will branch out and make beautiful bushes and give the cultivator more return for the labor expended than any plant in the garden. There is a place for this type of 'Mum in every garden in America, whether one has greenhouses, frames, or grows them in the open garden.

STURDY FIELD GROWN PLANTS—NOT ROOTED GREENHOUSE CUTTINGS . . . A BIG DIFFERENCE!

ANY OF THE BELOW LISTED CHRYSANTHEMUMS (Except Prosperity 35c and Lavender Lady 30c)

3 PLANTS FOR 75c; \$2.50 PER DOZEN., Plus the Postage

Plants will be ready from APRIL ON, some not until last of MAY, depending upon the season and variety

A WORD ABOUT THE PLANTS WE WILL SEND YOU.

READ IT CAREFULLY BEFORE YOU ORDER!

First of all, keep in mind that you will NOT get so-called "clumps" as you do of other perennial plants. You may divide the clumps you have from last year or the year before, into smaller clumps—the smaller the better, and succeed fairly well in the new year, provided you will use only the new growth or shoots and throw away the old woody part of the plant, but it is a well established fact, learned through many years of experience by commercial growers, that sand-rooted cuttings produce the finest blooms; these are taken in February or March. (Some late varieties can not be taken often until April, hence the late deliveries of plants of some varieties.) These cuttings are taken from the base of the parent plant, care being exercised that only the new, fresh shoots are taken without a vestige of roots of portion of the parent plant.

These small cuttings about 4 inches long are then planted in coarse sand, where they remain until well rooted; it is in this stage that they are sold by commercial growers to the trade and may be shipped thousands of miles. They are then ready to be planted in flats in good soil or right out of doors where they are to bloom, if conditions are right. It stands to reason that a small sand rooted cutting requires less time and care than one that has been transplanted once and grown on for some little time in a flat in good soil or out of doors. It is for this reason that "sand rooted cuttings" are cheaper in price than "PLANTS" that have been transplanted into soil and grown on for a couple of weeks or longer, watered and cultivated. The latter weigh more too, hence the postage is higher—they should really be sent by express for best results. So when you buy Chrysanthemums, AT LESS PRICE or HALF PRICE make sure of the age, whether they are just sand rooted cuttings out of the benches or sand flats, or whether they are once transplanted, perferably out of door grown, all ready to go with a good root system when you get them; the latter are bound to cost a little more and they are worth it. We too will send you "SAND ROOTED CUTTINGS" out of the sand for LESS and prefer it, because it will save us a world of labor, and they will grow and do well. So here is our proposition.

ONCE TRANSPLANTED, REAL PLANTS ARE WHAT WE ARE OFFERING YOU AT THE PRICES QUOTED HEREIN, WHICH INCLUDES THE POSTAGE TO ALL POINTS IN THE STATES OF WASHINGTON AND OREGON ONLY. TO ALL OTHER POINTS WEST OF THE ROCKY MOUNTAINS ADD 10 CENTS FOR ONE PLANT; 15 CENTS FOR 3 PLANTS, 25 CENTS FOR 6 PLANTS. EAST OF THE ROCKY MOUNTAINS ADD 15 CENTS FOR 1 PLANT, 25 CENTS FOR 3 PLANTS, 35 CENTS FOR 6 PLANTS.

EXPRESS SHIPMENT is highly recommended for 6 or more plants, in which case we will send you extra strong plants whenever possible. Safe arrival is guaranteed in such case (IT IS NOT BY PARCEL POST) and the special rate which applies to plants means reasonable transportation. If a plant is worth paying for, it is certainly worth paying a little more for it to reach you in the very best condition, EXPRESS ASSURES JUST THAT. Such shipments are not prepaid.

NOW IF YOU WANT STRAIGHT SAND ROOTED CUTTINGS OUT OF THE BENCH, THEY WILL BE WELL ROOTED, CAREFULLY PACKED IN MOSS AND WILL SHIP WELL. WE WILL ALLOW YOU 5 CENTS PER PLANT, IN OTHER WORDS DEDUCT FIVE CENTS FROM THE PRICE OF ANY CHRYSANTHEMUM PRICED HEREIN. STATE PLAINLY WHICH YOU WANT, STRAIGHT SAND ROOTED CUTTINGS OR TRANSPLANTED "PLANTS".

WE WILL PAY THE POSTAGE ON ALL ORDERS FOR SAND ROOTED CUTTINGS UP TO A DOZEN PLANTS TO ANY POINT IN THE UNITED STATES. BUT OVER A DOZEN CUTTINGS ADD 15 CENTS EXTRA IF YOU LIVE WEST OF THE ROCKY MOUNTAINS (INCLUDING WASHINGTON AND OREGON) 25 CENTS IF YOU LIVE EAST OF THE ROCKY MOUNTAINS. PLEASE DO NOT FAIL TO DO SO, TO SAVE DELAY AND CORRESPONDENCE.

Note that "sand rooted cuttings" can be obtained much earlier than the transplanted ones and in MARCH and APRIL ONLY. After May 15th into June you can not get any more sand rooted cuttings, for the reason that all will have been planted outside.

We also reserve the right that AFTER MAY 15th, orders for more than 6 plants will have to be sent by express, except to Washington and Oregon, because by that time the plants will be so large and the root system so developed that we can not afford to send them by paid parcel post.

If we seem tardy to you in sending you the plants, bear in mind, that they are just as well off, or better, to keep on growing here than in your garden and there is no danger with Chrysanthemums that they might get too large for safe transplanting. Some varieties are later in development than others and require more time for growing on.

ATTENTION!

EARLY ORDERS WILL BE APPRECIATED. Please send in your order during January or February if you can possibly do so; we begin planting our cuttings the middle of February, and we would like to know approximately how many cuttings to grow of each variety to meet the demand. All orders will be filled strictly in rotation in which they have been received; this is the only fair way.

GOOD ADVICE. Keep your Chrysanthemum plants clean. We recommend dusting with cheap ordinary SULPHUR COMPOUND (with a good duster). Frequent applications at regular intervals on Stock plants and cuttings will keep your plants insect free and healthy.

You want to meet success, of course. Remember, the soil can hardly be too rich and use water liberally in the summer when rains are few and far between, and then liquid manure when the buds are setting for those breath-taking huge blooms.

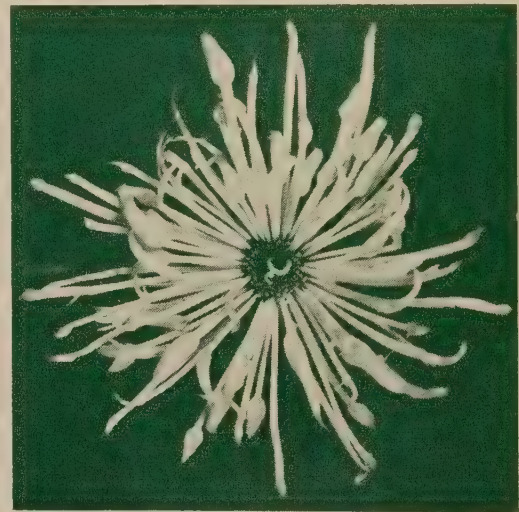

Chrysanthemums have a thick, heavy root system, very shallow, so be careful when cultivating you don't injure the fine feeding roots; shade in hot, dry climates around the base, they will appreciate.

BULLETIN. A short thesis on the care and growing of Chrysanthemums with explicit directions for growing exhibition specimens by disbudding will be sent with each order amounting to \$1.50 or more—otherwise 5 cents including postage. PLAIN CULTURAL DIRECTIONS free with EACH order when sent.

HARDY GARDEN VARIETIES

- ALADDIN.** A wonderful new bright, copper-bronze color with an overlay of orange-apricot shade. From August on until frost. Frost resistant.
- A. BARHAM.** A beautiful orange bronze and the first variety of this color to come into flower. Shows up wonderfully well under light.
- ASTRID.** A new Hybrid of the Shasta Daisy "Alaska" for one parent. The lovely single daisy-like flowers are 3 inches or more, of a lovely shade of shell pink with old rose tints. Attractive light green foliage. Will stay fresh two weeks as a cut flower. Height 16 inches.
- BRONZE BUTTERCUP EARLY.** Very large incurving bronze and yellow flowers. Begins to bloom in August, and October still finds it full of bloom. A grand variety either disbudded or in sprays. Height, 3 feet.
- CALIPH.** An intense oxblood-red, with a rich velvety sheen, or glow. Stands out among all other Chrysanthemums of this color. Fine growing habit. Height 2½ feet.
- CLARA CURTIS.** A hardy single Daisy-like salmon-pink flower of medium height; very lovely in bouquets. A most desirable plant with its dainty pink masses.
- CRIMSON SPLENDOR.** A magnificent and distinct variety producing masses of rich crimson-maroon flowers, intensified with deep garnet tones, and contrasting with a prominent golden yellow center. The flowers are large, fully 4 inches in diameter, with exceptional keeping qualities. Blooms in late September.
- DUKE OF WINDSOR.** This is the same as LUSTRE, LAVENDER LUSTRE; see under same.
- FLASHLIGHT.** A new outstanding brightest clear yellow with broad petals and deep blooms 4½ inches across. A strong grower.
- GARNET KING.** Large flowering of medium height. A rich dark velvety red; reflexed. A stunning flower.
- GRENADIER.** An extremely free flowering variety producing masses of large single flowers in clusters. Color, a bright crimson-red with an under-lying sheen of bronze and golden tint on the petal reverse. A gorgeous color combination. Flowers in September.
- GRANNY SCOVILL.** A Chrysanthemum that will appeal to the connoisseur. It is a lovely, large flower, fully 4½ ins. across, and of nice fluffy form. The color a warm coral-bronze, fairly glows under artificial light. In growth it is dwarf and branching, with fine healthy foliage.
- GOLDEN SECURITY.** A beautiful large, golden-yellow. Very full. Height, 2½ feet.
- HALDOONA.** A large shaggy flower; extra early; a gold reverse to each petal. One of the most admired.
- INDIAN.** Late flowering, very hardy variety, of medium height. Flowers are shaggy and of peculiarly pleasing coppery red shade.
- ILLINI GLORY (New).** A beautiful stately large, semi-double, pure white. A beauty. Frost resistant. 3 ft.
- ILLINI GOLD.** Rich yellow pompon. Frost resistant. 3 feet.
- The above Illini varieties are worthy newcomers among the hardy Chrysanthemums. They originated at the Floricultural Department of the University of Illinois. Other Illinis are too late.
- JEAN TREADWAY.** Sparkling pink with a deep rose-pink center, which develops as the flower advances to a soft lilac shade. Individual flowers about 3 ins. across, maturing about September 30.
- LINDY** (to all appearances same as "Angelus"). Rounded balls of pure pink double flowers, 3 to 4 inches across. Most persistent free bloomer; must be disbudded to be appreciated.
- MANDARIN.** Coral-salmon, copper, and bronzy gold blend to a delightful combination overspread with an iridescent glow in this splendid Chrysanthemum. The color effect is never exactly the same. Blooms 2½ inches across; height 2 feet.
- MOHAWK CHIEF.** A large flowering deep red; reflexed flower of wonderful substance; medium height. Stunning when disbudded.
- MURILLO.** Best shade of pink among the early hardies.
- PROSPERITY.** One of the finest EARLY PINK OR DEEP LAVENDER. A decorative of medium height. A fine cut flower variety. 35c each.

- PYGMY GOLD.** A distinct fine pompon type, producing quantities of miniature blossoms slightly over one inch across. Clear golden yellow color, remarkable for its brilliance and intensity. Commences to flower in early September.
- QUAKER MAID.** Through a printer's error this variety was wrongly described in our 1941 catalog as a deep mahogany-crimson. You people who bought QUAKER MAID from us the past season, got the real Quaker Maid. It's white tinged with the faintest pink, a large, reflexed, beautiful flower; a long persistent bloomer that wet weather does not affect. Medium height.
- RAPTURE.** A lovely medium sized double flower, combining a beautiful deep orange with a lively suffusion of bright carmine. Flowers in September. Masses of flowers. Frost resistant.
- R. MARION HATTON.** Splendid deep yellow decorative pompon that flowers very freely and is one of the earliest to come into bloom. Extremely hardy. Height 1½ feet.
- RUTH CUMMING.** An old reliable favorite. A very fine outdoor Chrysanthemum of rich bronzy terra-cotta color. This is a variety that is generally liked by all visitors. October 1st. Height 2½ feet. Frost resistant.
- SENSATION.** Single yellow with every petal tipped scarlet. Very showy and reliable.
- SILVER SHEEN.** An incurved, satiny pure white beauty. Extra good keeper. Height, 4 feet.
- VIVID.** A very striking and effective variety, color a rosy crimson or amaranth shade; new to the earlier flowering Chrysanthemums. Blooms in September.
- WHITE SHADWICK.** A large flowering semi-incurved of medium height. Lovely color. White suffused with pink. Huge flowers when disbudded.
- WHITE CHIEF.** A large flowering commercial variety, semi-incurved; medium height. Pure white beautifully suffused with pink. A grand cut flower and marvelous when disbudded.
- WHITE GULL.** An early August dwarf button variety; if you like buttons you will love it.
- WHITE MONARCH.** A pure snow white double of perfect form. October. Same as Early White Monarch.
- WILLIAM WAIT.** Rich bronze with yellow reverse; huge flowers; an outstanding variety.

SPIDER TYPE

THE FASCINATING "SPIDER" CHRYSANTHEMUM

- YELLOW SPIDER.** Quilted petals standing stiff out from a large dark crown; splendid for garden effects and as a cut flower. Can be disbudded for largest flowers. Strong grower and persistent bloomer, way into November. Quite rain and frost proof. 25c per plant; height 3 to 4 ft.
- DEEP PINK SPIDER.** Habit and growth same as above, except color. Large tubular petals, open dark center. 35c each.

PLEASE DO NOT OMIT TO ADD THE POSTAGE TO YOUR CHRYSANTHEMUM ORDER. RATES EXPLAINED AT THE BEGINNING AND THE END OF THE CHRYSANTHEMUM SECTION.

Most Desirable Korean Chrysanthemums

This new race of hardy chrysanthemums is especially welcome in the colder regions because of their early blooming character and extreme hardiness. They are wonderfully profuse bloomers and come in an endless array of pastel shades which defy accurate description. As a cut flower they simply have no superior and in the garden their gay colors delight us long after everything else has been destroyed by frost.

SEPTEMBER FLOWERING. MOST OF THEM 3 to 4 FT. TALL.

APOLLO. A superb, catchy autumn color, a sparkling combination of bronze, red, and gold suffused with glowing salmon.

APHRODITE. Beautiful bright single flowers of pink and ivory.

BARBARA CUMMING. See under YELLOW NORMANDIE.
A very profuse bloomer.

CERES. Lovely brilliant combination of old-gold, chamois-yellow, and soft coppery bronze. The mature flower petals appear as if dusted with gold. Height, 2½ feet.

CLIO. Dwarf compact plant of pleasing habit, producing masses of deep carmine rose duplex flowers.

DAPHNE. An exquisite and fine blending of Daphne-pink with an under-lying sheen of lilac rose, enhanced with prominent golden stamens in the center. Height, 2 to 2½ feet.

EMBER. A brilliant glowing bronze, a combination of coral and orange shades ever changing with the light. The flowers are excellent form; 2½ in. in diameter. Height, 2½ feet.

FORTUNA. Very vigorous plant of medium height and covered with unique curly petaled single ox-blood flowers 3 to 4 ins. across.

HEBE. Luminous pink blooms assuming soft lavender pink tones with a faint silvery halo surrounding the golden yellow center.

HESTIA. Semi-double flowers are very freely produced. The color is a very delicate rose pink with a white halo around the small yellow disc.

INDIAN SUMMER. Double glowing orange flowers, 3 inches across, somewhat shaggy in make-up. Fine upright growing plants, never requiring staking. Height, 2 to 2½ feet.

JUNO. Compact plant, producing an abundance of single flowers opening a coppery red. A most persistent bloomer. Sends up new flower stalks over and over, clear into November. Height, 18 inches.

LAVENDER LADY. Many years of intensive breeding were involved to produce this true pink beauty. No trace of mauve, purple, or magenta appears under any light conditions. It is a clear, attractive flower assuming a lovely silver-lavender tint when mature. The flowers are fully double, 3 inches or more across, and spaced so perfectly on the branching sprays that their individual beauty is easily appreciated. Combine this with the fact that Lavender Lady is unusually hardy and easy to grow and in full flower by October 8th and you have one of the marvels of the modern flower world. Height, 2½ feet. **30c each.**

LOUISE SCHLING. Bright glowing salmon-red in color, changing to a lovely soft bronze-salmon as the flowers mature. Very lovely.

MARS. For those who prefer depth and brilliancy of color in the garden. Deep amaranth-red, changing to wine-red, overlaid with velvety sheen. Height, 2 to 2½ feet.

MERCURY. Fine well formed, 3-inch single flowers open bronze red and change to coppery bronze as they mature. Hts., 2 ft.

PALE MOON. Densely branched trusses of fluffy sulphur-yellow blossoms completely cover the compact-growing plant, suggesting the play of moonbeams. The nicely formed flowers are loosely double, and of excellent keeping qualities, and this soft colorful new shade is just the touch needed to combine effectively with the usual typical Chrysanthemum colors. Strong, vigorous and hardy. Height, 2 feet.

PINK LUSTRE. Glowing, lustrous soft pink. Immense semi-double flowers on handsomely branched plants.

PSYCHE. Very dainty, 4- to 5-inch single blooms are produced with wiry stems on strong healthy plants of medium height. Color, a clean, lovely shell pink.

ROBERTA COPELAND. An extremely valuable addition to our color range, being a unique bright tomato red on opening, later shading to a rose and salmon gold. There is no color in the early flowering sorts that even approaches this variety. Distinct and altogether attractive, blooming in mid-September. Height, 1½ feet. Frost resistant.

ROMANY. Fully double blooms between carmine and Nopal-red, with bronze tones enhanced by the gold petal reverse appearing in the center. Unusually hardy. Height, 2½ feet. Very striking. Frost resistant.

ROSE GLOW. Sheer quantity of blossoms and a distinct raspberry rose color which later shades to an opalescent rose make this a highly desirable variety. The flowers are semi-double, 2 inches across and borne in tremendous quantities on slender, gracefully branching sprays. A worthy newcomer in full flower October 5th. Heights, 2 feet.

SAPPHO. Compact, dwarf plant, covered with good sized pure yellow single flowers.

SUN GOD. The large perfectly formed flowers on stout well-branched stems of medium height are a rich old gold underlaid with bronze. As a cut flower under light it shines in a rosy glow. Height, 4 to 5 feet.

SYMPHONY. Mauve-rose, overcast soft coppery rose, with the sheen of damask silk. In maturing the flower acquires silvery lilac and faint copper tones, very lovely, elusive and fascinating. The double flowers are 3 inches across, nicely formed and carried on heavy, sturdy stems, several to a spray. Frost resistant. Height, 5 feet.

THE CHIEF. Most attractive beautiful flowers of red and gold when they first unfold, which later turn into clear red with gold reverse; a flower that attracts immediate attention. Good bloomer and lasting quality.

THE MOOR. Rich amaranth-purple or port wine red. Fully double of large size. Unusual and striking.

THALIA. Lovely Daisy-like, large flowers with 2 rows of petals of a most attractive deep apricot color of lasting quality.

VENUS. Color lilac-pink with rose-lavender shadings. Flowers semi-double, 2½ ins. across, with three or four rows of petals. Remarkable free flowering, maturing in late September. Will appeal to those who like lavender and lilac tones in the garden. Delightfully fragrant. Height, 2½ feet.

VESTA. A plant of medium height and great vigor literally covered with flowers over 2½ inches in diameter of a deep golden orange shade; almost a duplex.

WINNETKA. A pure white. The flowers completely cover the plant and they are noticeable from a distance. Blooms in early September. A beauty.

YELLOW NORMANDIE. Comes into flower in mid-September and continues to produce fine sprays of bloom six weeks or longer. Its dwarf habit and luxuriant foliage endears it to all lovers of outdoor Chrysanthemums. The color is a clear light bronzy-yellow. Same as Barbara Cumming.

NOTE. All Koreans are 25c each, \$2.50 per dozen (plus postage) with one exception. Lavender Lady is 35c.

HARDY SINGLE DAISY TYPE VARIETIES

Lovely, graceful flowers, mostly in sprays; charming for cutting. Mostly 2 and 3 rows of petals.

There are a number of beautiful single Daisy-type amongst the KOREAN.

CHARTER OAK. Tall golden yellow; intermediate flowers.

CLARA HOLFORD. Medium height. Large sized blossoms of deep red. Good for disbudding.

CEDIC MASON. Two rows of the most attractive petals of deep rosy-pink with a white base surrounding a large yellow cushion; a wonderfully free bloomer.

DARK PINK VALENCIA. Tall with large blossoms; deep orchid pink. Good for disbudding. **35c a plant.**

GOLDEN MENSA. Medium height; intermediate flowers of a beautiful pale lemon-yellow.

RED ROVER. Of medium height with large blossoms of a glorious crimson orange; good for disbudding. Glorious for bouquets.

VALENCIA. A tall plant with large beautiful orchid pink flowers; good for disbudding.

WHITE GODFREY. A tall pure white suffused with delicate pink in lovely sprays of intermediate flowers.

WHITE MENSA. Of medium height with intermediate ivory white blossoms.

W. H. BUCKINGHAM. Short growth with intermediate sized blossoms of a charming rose-pink color.

PRICE OF PLANTS OF ANY OF THE ABOVE EXCEPT "DARK PINK VALENCIA" IS 25c EACH, SIX FOR \$1.35; 12 FOR \$2.50, PLUS THE POSTAGE.

THREE NEW AND DIFFERENT BEAUTIFUL AND HARDY KOREAN CHRYSANTHEMUMS OF 1941.

MRS. PIERRE S. DU PONT III (By Bristol). The dominant shade is soft peach-pink, tinted with rosy salmon and fawn, the whole overcast with an indescribably luminous sheen. (Description Originator). The very large, shapely double flowers, in combination with the hardy, vigorous, free branching plant and a new color effect, come nearer to perfection than any variety developed. In full flower October 1st. Height 2½ to 3 ft. **Price 40c each, 3 for \$1.00.**

MILKY WAY. Remarkable for the intensity of its milky white coloring in the open flower, contrasting with the creamy yellow buds; luxuriant rich green foliage down to the soil. The handsome, semi-double blossoms, with broad, overlapping petals of an unusual texture, are carried in branching sprays of 5 to 6; are more frost resistant than any other early white kind. Plant is very hardy and vigorous. A different and valuable new variety. In full flower late September. Height 2½ to 3 ft. **Price, 40c each, 3 for \$1.00.**

EUGENE A. WANDER. A big, hardy Chrysanthemum that will flower before those early October frosts. A brilliant, glistening golden yellow beauty in full bloom by September 15 or 20th and so free flowering that the stocky plants are almost obscured by its branching clusters of perfectly formed double flowers. Hardy and easily grown, it requires no special pinching or handling to produce flowers 4½ to 5 inches across—larger if disbudded. Fine also for pot culture. **NOTE:** Occasionally plants assume bronze-yellow tints. **Price, 40c each; 3 for \$1.00.**

☞ **ONE EACH OF THE ABOVE FOR \$1.00 (plus postage).**

SPECIAL COLLECTION

CALIPH. The finest velvety red; none so rich and lovely. Height, 2½ feet.

RAPTURE. Beautiful deep orange-bronze; masses of lovely double flowers. 3 ft.

SYMPHONY. Mauve-rose, overcast soft coppery-rose with the sheen of silk, a symphony in colors indeed. Height 3 to 4 ft.

ROSE GLOW. Raspberry and old-rose. Lovely and a most profuse bloomer. Height 1½ to 2 ft.

PALE MOON. Big, delightfully fluffy sulphur-yellow blossoms. Very free bloomer. Height 2 ft.

LAVENDER LADY. Praised by many above all other Chrysanthemums. We just love it. It is really a soft pink. A wonderful cut flower; a strong grower, breath taking in its effect without a fault. Take our word for it, you will love it. Height 2½ to 3 ft.

SPECIAL OFFER FOR THIS COLLECTION OF 6 HARDY KOREAN BEAUTIES. One of each \$1.50, plus postage. (Lavender Lady by itself is 30c).

Popular Cushion Chrysanthemums

This Azalea type of Chrysanthemum has become very popular within the past few years. The plants begin to flower early in August and continue to do so throughout the fall months. They are low growing, and bushy in type. Never attaining a height of over 15 inches, but are very showy in places where color is desired in the early fall when all other flowers are beginning to wane.

PINK CUSHION ("4 Months of Blazing Beauty"). Plants are 10 inches tall, 18 inches across and actually smothered with beautiful clear glistening double pink flowers from the first of July to the end of October and often into November. **20c each.** Ready last of April or May.

By express, charges collect, **in dozen lots, \$2.00.**

We have whole large field clumps of the above—which you can divide—at **50c each** by express charges collect.

WHITE CUSHION. At opening shows delicate pink, turning pure white as flower develops. **Each 25c.**

YELLOW GLORY CUSHION. Brilliant golden yellow flowers in immense quantities from August on. The plant spreads 3 feet and grows 1½ ft. high. **Each 25c.** We have a few whole large field clumps of the above Yellow which you can divide—at **75c each.** By express charges collect.

SOURCE D'OR. Pale buff orange, tinted gold; a beautiful hardy decorative, very full and double; beautiful sprays or may be disbudded. Height 4 ft. **25c each.**

TOKIO PINK. Huge pink-lavender fully double flowers; a strong grower.

YELLOW GOWN. A striking clear yellow color; semi-incurving of largest size; good, continuous bloomer, good foliage and perfect habit. Height 3 to 3½ ft. **25c a plant.**

LARGE FLOWERING AND EXHIBITION VARIETIES

Especially Suitable for Disbudding, or, at least, Thinning.

ALICE BENSON. An exhibition variety of medium height. Beautiful white, fluffy, incurved flower. A winner. **35c a plant.**

BRONZE TURNER. Habit like its parent (Wm. Turner). Immense incurved light bronze flowers. Disbud for huge flowers. **30c a plant.**

CHRYSOLORA. A beautiful incurved pale golden yellow flower that will take your breath. Disbud it and you will thrill. **Plants 25c.**

CRIMSON POCKETT. Very large incurved deep red velvety flowers with a beautiful gold reverse, the golden color overlaying the red inside color of the petals. **Each 25c.**

GRACE STURGIS. A beautiful exhibition variety. Tall. Rich wine red with a lovely pinkish silver reverse, gracefully reflexed. Stunning when disbudded. **Per plant 35c.**

GOLDEN GLORY. Semi-incurved golden yellow, glorious flowers; blooms early and late; height medium. Grand for disbudding. **Plants 25c.**

GOLDEN GLOW. A large flowering commercial variety. Incurved pale golden yellow of medium height; fine for disbudding. Early flowers. **Plants 25c.**

GOLDEN WAVE. A glorious light golden color. Said to be a better and more reliable, earlier to mature Yellow Turner. Semi-incurved. **25c a plant.**

GOVERNOR GREEN (not General Green). A beauty, one of our favorites. A rich velvety crimson with old gold reverse; semi-incurved. Medium height. Glorious when disbudded. **25c a plant.**

EXHIBITION VARIETIES (Continued)

INDIANOLA. A glorious, incurved, large flowering variety; very popular as a commercial variety; medium height; begins to flower in August and keeps right on. Huge when disbudded. Highly recommended. Color, a pale reddish bronze. **30c a plant.**

BLOOD RED. A deep red incurved variety with golden reverse. An unusually attractive flower of a rare, beautiful color. Medium height.

KEYSTONE. A very popular orange-bronze incurved flower. **25c a plant.**

LOUISA POCKETT. "I love that flower", so says the Boss. And who wouldn't? Immense pure white blooms, just breathed over with the faintest touch of pink. Truly a magnificent flower when only 4 to 6 blooms allowed to the plant; on top of all it's beautifully incurved. **Plants 25c each.**

To get the thrill of your Chrysanthemum life you should disbud all the "POCKETTS" and for that matter all the exhibition varieties.

LUSTRE (Lavender). To all appearance identically the same as **DUKE OF WINDSOR.** A tall imposing plant blooming weeks on end in early October. The attractive lavender flowers are twisted and incurved and borne in great masses; when disbudded beautiful huge flowers are the result. **Plants 25c each.**

MAJESTIC. A grand exhibition variety of medium height; beautiful reflexed amber bronze. **35c a plant.**

MAJOR EDWARD BOWES. A bright lavender rosy pink; incurved. 6 inches ordinary, huge when disbudded. **25c a plant.**

MRS. AUGUST KOCH. Very large incurved creamy bronze flowers with a buff reverse. Makes a huge flower with twisted petals. **Plants 25c each.**

MRS. G. G. MASON. Large, velvety cardinal red with golden reverse, fluffy incurved flowers. Very large and showy when disbudded. Medium height. **35c each.**

NAGIRROC. A beautiful incurved golden bronze. The center is a magnificent swirl of a deeper tone, most striking. Medium height. **Plants 35c each.**

ROSE COCHARD. In the pink class. A glorious light lavender, incurved with large flowers; huge when disbudded; always attracts attention. A MUST HAVE. Height medium. **25c a plant.**

SEMINOL CHIEF. Long, slender twisted petals of a beautiful bronze with a light reverse. **25c each.**

THOS. W. POCKETT. A beautiful lavender-pink with silvery reverse; rigid flower stems; one of the finest and largest pinks. Huge flowers incurved when disbudded. All **POCKETTS** are glorious. **35c a plant.**

WM. TURNER. Purest snow white; immense incurved flowers when disbudded, on long stiff stems; blooms early November. So beautiful it pays to give a little protection. **30c a plant.**

WM. H. WAITE IMPROVED. A reddish bronze sport of Wm. H. Waite but much handsomer and spectacular; if disbudded to 4 or 6 buds to the plant you will get huge glorious blossoms 8 inches in diameter, 24 inches in circumference. Select buds August 1st to mature middle of October. **Plants 35c each.** See photo on front cover.

YELLOW TURNER. Immense light yellow incurved flowers when disbudded, on long stiff stems; blooms early November in the garden; it pays to give it a little protection. **30c a plant.**

List of New, Rare and Good Old Irises

Prices in this Iris List supplant those in all previous price lists.

CANADIAN CUSTOMERS will please add 15c per pound to their order and will have to obtain plant permit from the Plant Bureau at Ottawa before shipment can be made. For large orders we advise Express Shipments.

In the United States Iris orders amounting to \$1.00 or less are not prepaid and **must include 25c postage** when order is given.

On large orders we advise Express Shipment, the customer paying the forwarding charges, in which case we will send extra plants free of charge to make up part of the forwarding charges.

We cannot too strongly recommend July and August planting for Iris. WE CANNOT SHIP BEFORE JULY 1 NOR AFTER NOVEMBER 1.

NOTICE TO LOCAL CUSTOMERS: If you expect to come to the gardens for Iris plants on Sunday, we request that you call us on the telephone or send in your order during the week so we can dig the rhizomes Saturday. We will not always be able to dig Iris on Sundays.

Prices for Irises as quoted below are for one new plant or rhizome which will bloom next season and on which the new side shoots or "babies" will develop before winter sets in; this will be your increase for next year. In July these new eyes are very small but will grow rapidly during August, September and October.

Consequently, in July, the new rhizomes weigh very little but each month thereafter they increase rapidly in weight until in October the plants of vigorous sorts will weigh as much as one pound, which means two pounds when packed; the postage on such a plant would be 15 cents to the Central States and 25 cents to the East. So you can readily figure out that we could not afford to pay the postage on any variety quoted at 25 to 50 cents. So please note carefully:

ALTA CALIFORNIA (Mohr-Mitchell, 1931). Fine yellow, large blooms. S. clear yellow; F. deep yellow faintly bronzed. 4 ft. tall. July delivery. **Each 25c.**

ANITRA (Sass, 1936). One of the loveliest, clearest pure light blue Irises. Like the lovely color of that old favorite Celeste. The flowers are extra large of beautiful form and heavy substance. The standards are domed and the falls broad and flaring. The plants are vigorous and free flowering. It has an Honorable Mention and the rating is high. July delivery. **Each 40c.**

ANNE MARIE CAYEUX (Cayeux, France, 1928). One of the finest color blends; a metallic lustre of heliotrope-pink and violet. A jewel. Ht. 32 inches. July delivery. **Each 25c.**

ANGELUS. Award of Merit. A lovely pale pink-lavender blended with cream. Large size and fine flaring form. Be assured it is an outstanding new Iris. **Each 75c.**

BALLERINE (Vilmorin, France, 1920). Wisteria-blue bicolor of immense size. Very sweetly scented. A great favorite. Ht. 3 ft. July delivery. **Each 25c.**

JEAN CAYEUX (Cayeux, France, 1931). A Dykes Medal Winner. One of the finest introductions of recent years. Well formed, frilled flowers of a pale brown, shot with gold; a touch of blue at the beard. A super Iris. Winner of highest honors both in France and England. July price, **25c each.**

JUNALUSKA (Kirkland, 1934). A very striking new red Iris. Honorable Mention American Iris Society, 1936. S. coppery red, suffused rose. Falls red. An excellent novelty. July price, **35c each.**

LADY PARAMOUNT (White, 1939). A super brilliant tall primrose yellow of great size. Mid-season. Ht. 40 inches. An excellent novelty. July price, **35c each.**

LOS ANGELES (Mohr-Mitchell, 1927). A giant snow white, with faint edgings of lavender-blue. One of the three best whites. Hardy everywhere. July price, **25c each.**

MABEL TAFT (Ware, 1932). A giant, wonderful blue with velvety falls. One of the largest Iris grown. Mid-season. July price, **25c each.**

MARQUITA (Cayeux). Huge flowers of creamy yellow standards with falls of the same color lined ruby. A most beautiful distinct Iris, 42 inches tall. July price, **25c each.**

MARY GEDDES (Washington, 1931). A beautiful, unusual Iris. S. light salmon. F. same shade but overlaid Pompeian red; the effect is an orange-salmon. Very floriferous. Ht. 40 inches. Dykes Medal Winner, 1936. July price, **25c each.**

MELCHIOR (Wallace, 1927). Beautiful red bronzy claret self; orange beard. Falls ruffled velvet. Mid-season. Ht. 36 inches. July price, **25c each.**

MELDORIC (Ayres, 1930). One of the best. The flowers are very large and blue-black with a golden beard. A very popular Iris. Ht. 30 inches. Honorable Mention American Iris Society, 1931. July price, **25c each.**

MIDGARD (S. P. Sass, 1926). S. and F. yellow, flushed with clear pink. Free bloomer and a strong grower. Ht. 30 inches. You should have this lovely Iris. July price, **25c each.**

MISSOURI (Grinter, 1933). One of the best new blue Iris. Extremely large flowers of a very beautiful, rich blue with an enamel-like finish. A profuse bloomer and very hardy; lovely fragrance. Mid-season. Ht. 3 ft. Winner of the Dykes Medal, 1937. July price, **40c each.**

MOHRSON (White). A beautiful, hardy Wm Mohr seedling. It is a charming beautiful Iris, more vigorous than its parent. The flowers are immense with standards of rich clear deep violet with a shining varnished-like surface; the falls are a beautiful shade of violet, closely veined. 2½ ft. tall, of easy culture, an Iris that will take your breath away. July price, **35c each**.

MRS. VALERIE WEST (Bliss, 1925). S. bronze. F. deep velvety purple. A gigantic flower on well branched stems. A world famous Iris. Ht. 36 inches. July price, **25c each**.

NARANJA (Mitchell, 1935). Richest of all the yellows; huge blooms. Falls distinctly orange. Standards bright yellow. Honorable Mention American Iris Society, 1936. Late. Ht. 40 inches. A new, most distinctive Iris. July price, **35c each**.

NO-WE-TA (H. P. Sass, 1932). A beautiful, true pink self; yellow flushed at the center and edges of F. and S. Beautifully curled, frilled and ruffled. One of the most beautiful. July price, **25c each**.

OLD PARCHMENT. Award of Merit—eligible to the 1942 Dykes Medal. A light creamy tan, with golden buff overlay; a distinctly beautiful new Iris of a most unusual color. Standards are "domed" and closed, the falls flaring; blooms are huge, heavy of substance and of a lasting quality. Ht. 3 ft. **Each \$5**.

ORMOHR (Kleinsorge). Another Wm. Mohr seedling and the best so far. Perfectly hardy and easy to grow. 3 feet tall with giant flowers of a uniform grey-lavender, veined violet. A faint rosy glow envelopes the entire flower and unlike the short William Mohr it has tall stems branching near the top. A gorgeous Iris. **Each \$2**.

PINK SATIN (J. Sass, 1930). Lovely, brilliant, glistening, light pink on tall, well branched stalks. Ht. 3 ft. July price, **25c ea**.

PLUIE D'OR ("Golden Rain" Cayeux, France, 1928). Tall, pure rich yellow. Free flowering, hardy and a rapid grower. Winner of the French Dykes Medal. Ht. 36 inches. July price, **25c each**.

RAMESES (H. P. Sass, 1929). Winner of Dykes Medal, American Iris Society. The big flowers are freely produced in rich gold, apricot, and pink, beautifully blended. Mid-season. Ht. 30 inches. July price, **25c each**.

RED DOMINION (Ayres, 1931). A beauty of rich red velvet. One of the most popular Iris grown. Ht. 42 inches. July price, **25c each**.

RED GLEAM (By Lapham). Award of Merit—eligible to the 1942 Dykes Medal. A new real red Iris, the nearest approach to scarlet, of rich velvety brilliant texture. Semi-flaring form; height 3 ft. **Each \$7.50**.

ROSY WINGS (Gage). A most delightful color combination of iridescent rosy-red and copper tones, with a conspicuous orange beard. Tall, stately, well branched with the largest blooms. Ht. 38 inches. 1939 Dykes Medal Winner and other honors. You know what that means. July price, **50c each**.

SANDALWOOD (Sass, 1937). A new pale bronze of beautiful form and a lovely silky sheen. An improved Jean Cayeux. An outstanding Iris. July price, **60c each**.

SENSATION (Cayeux, France). The peer of all blue Iris. Corn-flower blue, fragrant, flowers beautifully arched and falls flaring. Late. Ht. 3 ft. July price, **25c each**.

SIERRA BLUE (Essig). Soft, clear blue without veining. Winner American Dykes Medal in 1935. Always in big demand; stock scarce. Ht. 42 inches. Early. July price, **25c each**.

SHINING WATERS (Essig, 1933). A lovely, clear campanula blue, beautiful texture, a great tall stem, well branched, carrying 12 or more buds. An Iris of great beauty and poise. Award of Merit American Iris Society, 1935. Mid-season. Ht. 48 inches. July price, **25c each**.

SNOW KING (Sass, 1939). One of the top notch white Iris. Regal and radiant of purest white, a King of White Irises. Tall, branching of regal splendor and hardy everywhere. July price, **50c each**.

Iris Bargain

**ANY 12 PLANTS SELECTED FROM THE
25c CLASS FOR \$2.00 PREPAID**

YOU SAVE \$1.00.

BUT FOR JULY DELIVERY ONLY, a time when the new rhizomes weigh less.

During the month of August these same 12 plants will cost you **\$2.50, prepaid**, for the reason that the postage will be more on account of the plants being larger and weighing more.

And during September, these same 12 plants will cost you **25c each straight**, because they are now nearly twice the size as the July plants.

Plus 25c postage West of the Rocky Mountains.

Plus 50c postage to all States between the Rocky Mountains and the Mississippi.

Plus 75c postage to all Eastern and Southern States.

And from **October 1st** on they will cost you **\$3.00**, and will have to be sent by **Express**, you paying the charges. They are then too large to be mailed at all; they are real big clumps, many weighing one pound each. Or if you wish we will send them by **Parcel Post**, you paying the postage.

SPOKAN (Sass). The most brilliant red-brown blend in shades of copper and red. S. glowing reddish-brown; F. red overlain blackish-brown. A most attractive Iris. July price, **25c each**.

THE BLACK DOUGLAS (Sass). A huge deeply colored flower of dark and blackish violet; the blue beard is tipped yellow. A very striking Iris. 36 inches. July price, **25c each**.

THE RED DOUGLAS (Sass). Winner of the 1941 Dykes Medal as the best novelty of 1941. One of the best of the new reds—a real red of plush-like substance. Extra large blooms, well formed; tall, branching stems. Altogether a rare and noble Iris. **Each \$1.50**.

WABASH (Wmsn.). Winner of the 1940 Dykes Medal! Enough said. Many think this to be one of the finest Iris to date. Standards are white, falls a bright violet with a white margin. Flowers are large on well branched stalks 3 feet tall. You will be happy with this famous Iris. Wabash received more votes than any other Iris. **Each 90c**.

WINNESHIEK (Egel, 1931). An imposing, lustrous, gigantic, rich blue-black beauty, a deep intense violet. Mid-season. Ht. 36 inches. July price, **25c each**.

WILLIAM HOHR (Mohr, 1925). An unusual giant lilac beauty. Standards flushed darker, the whole flower beautifully veined. Requires winter protection in very cold sections. Can be grown in window boxes or pots. Foliage and rhizomes are small, the flowers immense. July price, **35c each**.

ZAHARON (Dykes, England). Indescribably beautiful, a blend of amber, buff, yellow, fawn and softest violet. A strong grower. Ht. 42 inches. July price, **25c each**.

WE CAN NOT FILL IRIS ORDERS FOR LESS THAN ONE DOLLAR UNLESS YOU WILL PAY 25c EXTRA FOR PACKING AND POSTAGE.

Fall Bulbs

ORDER YOUR LILY AND IRIS BULBS EARLY! DON'T PUT IT OFF UNTIL FALL AS YOU MIGHT BE DISAPPOINTED. THERE IS A SHORTAGE, ESPECIALLY IN MADONNA LILIES AND IRIS BULBS.

Note: We can sell bulbs much cheaper if we send them by Express (you paying the charges) than we mailing the package and paying the higher Parcel Post charges.

LILIUM REGALE

Introduced from Western China by Mr. E. H. Wilson. It is hardly necessary to sing the praises of Liliium Regale, for is it not generally regarded as the finest of all garden Lilies of recent introduction? It is very bold and vigorous. They should be covered in early spring against late frosts.

We sell three sizes of REGAL LILIES—

7 to 8-inch circumference—will produce fine flowers, 15c each postpaid, West of the Rockies; 20c each postpaid, East of the Rockies. At the rate of 12c each per 25, 50 or 100 by express, charges collect. Not less than 25 sold at this price.

9 to 10-inch circumference, 25c each postpaid, West of the Rockies; 30c each postpaid, East of the Rockies. At the rate of 20c each per 25, 50 or 100 by express, charges collect.

10 to 11-inch circumference. Mammoth size, 40c each postpaid, West of the Rockies; 45c each postpaid, East of the Rockies. At the rate of 30c each per 25 or 50 by express, collect. These will produce enormous flower heads.

Alaskans, please note: All bulb shipments to Alaska, on account of the higher postage rates cost the same as if shipped East of the Rockies; see above rates.

The Regal Lily is easily grown from seed. 15c per pkt.; ¼ oz. 40c.

LILIUM CANDIDUM (The MADONNA or ST. JOSEPH'S LILY).

A perfectly hardy, lovely Lily that succeeds well in every garden. To appreciate its full beauty, the bulbs should stay in the ground for several years. Strong flowering bulbs. Plant this lily in August—September the very latest—very shallow. It should not be planted at any other time. They should be covered against frost during winter.

7 to 8-inch circumference. 20c each postpaid; \$12.50 per 100 by express, charges collect; 50 at same rate; 25 for \$3.75 by express, charges collect.

9 to 10-inch circumference, 35c each postpaid; \$24.00 per 100 by express, charges collect; 50 at same rate; 25 for \$7.00 by express, charges collect.

11 to 12-inch mammoth size, 60c each by mail, postpaid; \$4.50 per 12 by express, charges collect.

CAMASSIA LEICHTLINI. Deep blue. It is a fine plant that may grow to four feet in height, with as many as a hundred flowers of the finest, even form, star-shaped, and as large as an inch and a half across. It flowers in long succession. \$1.10 per doz. postpaid; 3 for 30c. By express, charges collect, \$6.00 per 100; 50 at same rate.

CAMASSIA, LEICHTLINI. White to cream. Per doz. \$1.10; 3 for 30c; \$7.00 per 100 by express, charges collect; 50 at same rate. Reports from delighted growers in all sections of the United States justify us in emphasizing both the hardiness and beauty of Camassias. Ready from September on. Best planted in late September and early October. Not for sale in spring.

LEUCOJUM (Snowflake). Produce pretty, nodding white flowers somewhat like a Giant Snowdrop on tall 18-inch stems. They bloom at the same time as Tulips, or a little earlier, and are lovely subjects for the spring garden too little known. Large round bulbs, 3 for 40c; \$1.50 per doz., postpaid.

MUSCARI-GRAPE HYACINTH. Heavenly blue. Early spring blooming bulbs; charming in the border and in the alpine garden. Largest size 45c per doz., postpaid; \$3.25 per 100 by express, charges collect.

SCILLA CAMPANULATA. Blue. 95c per doz., postpaid; smaller size, 60c per doz., postpaid. By express, charges collect, \$3.50 per 100.

CROCUS BULBS. In Mixture only. Yellow, Purple, White, Striped. First size, 50c per doz., postpaid; 3 doz. for \$1.25, postpaid. By express, charges collect, \$4.00 per 100.

ST. BRIGID ANEMONES. Many find the cultivation of these lovely flowers difficult, and needlessly so, for their requirements are few and simple. I find that they soon die if left in the ground for more than one year, so that it pays to get fresh corms every year, either from seedsmen or by raising them. Seed sown in early spring on well-prepared ground begins to flower in September and goes on as long as frost keeps off to give a lovely display in spring. Being difficult to thin after germination, the seeds should be sown so thinly that this operation will be unnecessary. When the foliage is drying off in summer, lift the corms carefully and dry off, replanting in the September following, and discarding them after they have flowered for the second time.

St. Brigid. Fall planting is best as the Anemone is a very early spring bloomer. **Jumbo size, 75c per doz.; 3 doz. for \$2.00, postpaid.** Stock of this size is not large. **First size, 1 year old (all will bloom), 50c per doz.; \$2.00 for 50, \$3.50 per 100, postpaid.**

LEUCOJUM (SNOWFLAKE)

DUTCH AND SPANISH IRIS BULBS

These Iris bulbs vary in price according to the size of the bulbs. We sell only the large size, first quality of bulbs sure to bloom outdoors in your garden, so don't be misled by lower prices, the bulbs will certainly be smaller in size.

Bulbs must be planted in October or November (not later)—to remain in the ground for two or three years, when the colonies then formed must be divided in August, and replanted in September. It will be found that the bulbs have tripled and quadrupled.

Plant these Iris bulbs in well-drained, light, sandy loam, if possible, fertilize with bone meal at planting time, and mulch well during the winter in cold climates.

Contrary to the general belief, these beautiful bulbous Iris, which are annually forced by the millions in florists' greenhouses for the cut flower trade, are entirely hardy out-of-doors; all they need in cold climates is a liberal mulch of dead leaves or straw during the coldest winter months. A customer grows them successfully year after year in Montreal, Canada, where the thermometer goes way below zero. In milder sections of the country they need no protection whatever. The Spanish Iris makes an early fall growth, so do not be alarmed when you see the tiny onion-like leaves appear in November.

Since some of the bulbous Iris are always sold out before the last orders come in, please order in July or August. Later always name one or two substitutes in case one or two of the varieties you are ordering are sold out.

Please note particularly the Dutch, Spanish and English Irises are not for sale in the spring, and we usually plant what is left on hand in November, the latest. Hence you cannot obtain any of these after they have been planted.

ENGLISH IRIS BULBS

First or Top Size.

Very handsome large flowers; the last Iris to bloom.

IN MIXTURE ONLY: 75c per doz.; 3 doz. for \$2.00. Per 100 \$5.00.

DUTCH IRIS (Finer New Varieties)

First Size Bulbs. No Less Than 6 of a Variety Sold.

LEONARDO DA VINCI. Standards creamy white, falls canary yellow with orange stripe. Very early flowers. Ht. 28 inches.

POGGENBEEK. Standards and falls uniform dark blue. Great improvement on Imperator. Ht. 30 inches.

THEO. WYCK. 20 in. tall. Standards and falls uniform cornflower blue, with narrow orange stripe; very beautiful. You will love it.

WHITE EXCELSIOR. Uniform pure white, falls very broad. Very good form and substance. Ht. 22 inches.

YELLOW QUEEN. 28 in. tall. Both the standards and falls golden yellow. Perfectly lovely. Prices for any of the above: **75c per doz.; 6 for 40c; 3 doz. for \$2.00; 50 for \$2.50 All Postpaid. Per 100 by express, charges collect, \$4.00.** (Of one variety.)

MIXTURE. A well blended mixture of all the above and others. **65c per doz., postpaid; 3 doz. for \$1.80, postpaid; \$3.00 per 100 by express, charges collect.**

TINGITANA HYBRID "WEDGEWOOD". The handsomest of all. Not hardy outside in the coldest sections of New England, but a great Iris for forcing or for milder climates. A large, clear, light blue self color. Large bulbs, **95c per doz., postpaid.** Smaller flowering size, **60c per doz.; per 100 (50 at same rate) but not 25, size 8 to 9 cm. circumference, \$3.00; size 9 to 10 cm., \$6.00.** Express charges collect.

PLEASE NOTE: If you lose your bulbs during the winter and they fail to come up, it is not our fault nor the bulbs', so do not ask us to replace them the following year. If you plant the bulbs early—by November 1st—in well-drained soil, then upon approach of cold weather mulch them well, you won't lose them.

SPANISH IRIS

First or Top Size Bulbs, 6 to 7 Cm.

These bloom ten days to two weeks after the Dutch Iris, and bloom with the late German Iris. They are lovely, graceful flowers, charming cut flowers lasting from a week to ten days after being cut, all the buds blooming out.

CAJANUS. A glorious golden yellow self; the tallest of them all.

KING OF THE BLUES. Beautiful dark blue.

KING OF THE WHITES. A lovely clear white.

A LOVELY MIXTURE.

Please do not order less than six of one kind. Prices of any of the Spanish Iris, 75c per doz.; 6 for 40c; 3 doz. for \$2.00, postpaid, of one variety. 50 bulbs for \$2.50 postpaid. Per 100 by express, charges collect, \$4.00, of one variety.

AUNT MARY'S SWEET CORN

Originated in Ohio, it is supposed to have been given to some person named "Aunt Mary" by the Indians, and handed down through the family for many years and was again put on the market two or three years ago by a Mr. Bonnewitz. It is taking the country by storm and not enough praise can be given it.

Never was sweet corn that tasted as sweet. It will stay in good condition for table use for two or three weeks. It stays in milk so long that natural ripening is impossible; ears that were ready for table use in September were still in milk when hard frosts killed the plants.

You can make early sowing, mid-season sowing and late planting, throughout the entire season and can have your sweet corn into October; the late planting contain even a higher percentage of sugar than the early plantings.

BY ALL MEANS GIVE THIS SWEET CORN A TRIAL THIS YEAR AND YOU WILL COME BACK FOR MORE NEXT YEAR. Make your first planting during May—two weeks apart; make another one the second week in June, another the last week in June, and the last planting the first week in July, and this will furnish you sweet green ears in early October.

PRICES: Per pack of approx. 125 kernels, 20c. Per pkg. of approx. 250 kernels, 30c. $\frac{1}{4}$ pound will produce approx. 500 plants and costs 50c. All postage paid. **SPECIAL PRICE** per pound; ask for it.

Owing to Existing Conditions, we will not publish a separate catalog this fall, hence . . . PLEASE PRESERVE THIS CATALOG FOR YOUR FALL ORDERS

We are here listing our complete IRIS OFFERINGS for LATE SUMMER AND FALL PLANTING at our lowest prices, consisting of ALL THE BEST OLD AND NEWEST WORTHWHILE BEARDED IRIS GERMANICA, AS WELL AS OUR USUAL LIST OF DUTCH, SPANISH AND ENGLISH BULBOUS IRIS AND OTHER FLOWERING BULBS.

You may order the above at any time you wish, but DELIVERY WILL NOT BE MADE UNTIL THE SUMMER OR FALL, as follows:

IRIS GERMANICA FROM JULY ON UNTIL OCTOBER.

IRIS BULBS LATE SEPTEMBER AND OCTOBER; the later these bulbous Iris are planted in the East, the better.

LILIUM CANDIDUM (The Madonna Lily) AUGUST AND SEPTEMBER; the sooner these are planted the better.

ALL THE OTHER BULBS offered herein, as soon as ready in SEPTEMBER AND OCTOBER.

REGAL LILIES ARE NEVER READY BEFORE OCTOBER.

THE NEW SUMMER DELPHINIUM SEED CROP IS USUALLY READY THE LAST OF JULY OR FIRST WEEK IN AUGUST; it will be mailed out as soon as it is ready. PRICES AND VARIETIES offered on page 2 for seeds and page 10 for plants will be the same.

This also refers to our JAPANESE IRIS LIST on page 12. AUGUST AND SEPTEMBER IS AN EXCELLENT TIME for transplanting these. July is too early.

ASTER FRIKARTI, that fine plant, is offered for SPRING PLANTING ONLY; it does best then, not so well in the fall.

CHRYSANTHEMUMS, of course, are not offered for sale in the fall, unless you want to buy some whole FIELD CLUMPS; if you do, please write us for prices in the fall.

MANY OF THE SEEDS LISTED FOR SPRING PLANTING, BOTH ANNUALS AND PERENNIALS, can, of course, also be planted during the late summer months and early fall. We keep a constant supply of FRESH SEEDS on hand and you can rely with all confidence that you will always get the best and freshest seeds available, that under proper conditions and care will germinate excellently, whether sowed in the spring, summer or fall.

ALTHOUGH THE TENDENCY IS FOR HIGHER PRICES, WE WILL SELL OUR SEEDS THE COMING SUMMER AND FALL AT THE SAME PRICES LISTED HEREIN.

POLYANTHUS PRIMROSES. Sow your seed in a cool place early in the summer (if you can not do so this spring) and your plants will bloom next spring, provided you get them large enough for transplanting the same fall or very early next spring. But if you put off seed sowing until LATE IN THE FALL your seedlings will not bloom the following spring.

At my country place in Hartford County we have specialized in pansies for many, many years, and have used only the best seed obtainable in this country and Europe, but the seed got of you last year produced the finest flowers we have ever had, and the longest period of bloom, as they are still blooming at this time, which is most unusual in our locality.

Gentlemen:

I thought you would be pleased to know that for the third year running we have taken first prize at our local flower show for a Delphinium display with flowers which came from your seedlings.

P. V. B.

Jackson, Michigan,
October 7, 1941.

As you know I have purchased Delphinium from you for some time, and at the local flower show last spring I exhibited a bloom from your prize winning strain. Believing you would be interested, I am enclosing a photograph of this bloom, which was taken at the time of the show—and which took first prize. I have never exhibited a specimen on which there has been so much comment; many said it was just too perfect to be real.

Very truly yours,
F. D. AVIS.

I happened to see some of your Delphiniums a friend had, and not even in England at the Royal Horticultural exhibit have I seen such magnificent blooms.

Very truly yours,
MRS. A. K.

Last April I won first prize in the Pensacola Garden Club show with your Iceland Poppies and everyone was enthused over them.

Gentlemen:

I am enclosing an order for five dozen Delphinium plants, "Prize Winner Strain"—advanced seedlings.

Your Delphiniums to me are the best of all strains. Although our ground is not so suitable, by buying some plants each year I can keep myself supplied.

MRS. H. L. B.

Bay Village, Ohio.

Gentlemen:

Although my yard isn't in very good condition, I am still going to start more Delphinium from your seed this Fall. I have had almost 100 percent germination from all seed purchased from you heretofore. I sold many clumps of Delphiniums this Spring and have had only well pleased reports from my customers. Our Regal Lilies bloomed beautifully this season from your seeds.

We had to move our clumps of Delphiniums in early March when the frost was still in the ground and heeled them in in trenches—they were none the worse for it, for they were exquisite this summer.

Gentlemen:

I don't know if this is a record or not, but the last pack of Russell lupin seeds that I got from you germinated in 24 hours; it is hard to believe but it is true, and when it comes to Delphiniums from your 55/66, one plant had 24 beautiful spikes. I took pictures of it when it was in bloom. I sure like your Delphiniums as I am giving you my second Delphinium seed order this summer.

Dear Sirs:

Just a little note or bouquet that the seeds bought from you last Spring came up and are growing fine in spite of the hot dry weather we have. AUNT MARY'S SWEET CORN is delicious; next year we will have to buy a quart of the seed.

MRS. C.

Tipton, Iowa,

I think your Delphiniums are marvelous. They were greatly admired when I gave some for a party. People said they were the only ones they had ever seen which looked like the pictures in catalogues. I had many stalks with 20 to 21 inches of bloom open at once.

MRS. H. D. W.

Natural Springs, Va.

Some years ago I gave a lady your catalog and she got your seed. I have never seen anything as magnificent as her flowers this year. They were the talk of the county.

Cordially,

MISS C. H.

Charlotte, North Carolina,
September 20, 1941.

My Delphinium was lovely that I bought from you. I won second prize on it at our annual flower show in the spring.
